

Dr. Terry Dischinger

Lake Oswego, OR

Dr. Dischinger maintains an active practice with his son, Bill, in Lake Oswego, Oregon. He has been heavily involved in early treatment and with functional appliances for over 20 years. As a clinician constantly in search of new treatment techniques, Dr. Dischinger has been a leader in Herbst therapy.

Dr. Dischinger received his B.S. from Purdue University and his Dental Degree at the University of Tennessee, graduating in 1974. He received his graduate training in orthodontics at the University of Oregon Health Science Center.
